## New Musician Evokes Ancient Wisdom with a Modern Flair

### ***Sacred Alchemy*, a Debut Album by Devaa Haley, Awakens the Full Power and Expression of the Sacred Feminine**

There is no question that we are a world out of balance. We have lost touch with the aspects of the feminine that bring us respect for nature, beauty, each other, humanitarian values, and an understanding that we are all connected. How do we embrace these qualities so we can live from a place of respect and harmony?

***Sacred Alchemy*** offers a way. It is groundbreaking new album with a transformational purpose—to lead the listener into deep dimensions of the sacred feminine so they can explore and embrace these hidden aspects in themselves and help bring life back into balance.

***Sacred Alchemy*** introduces 13 facets of full-spectrum femininity with songs that evoke the archetypal energies of goddesses from the world's spiritual traditions. Each song has a specific feel or texture to it – something that connects us inside to the fullness of feminine expression. For example the song "Tara" explores the softer yin aspects of compassion, "Saraswati" reveals the playful and creative energies of the muse, "Shekinah" offers the wisdom of the Crone, "Isis" delivers the no-bullshit-tell-it-like-it-is Fierce Feminine, and "Aphrodite" expresses the sensual pleasures of the flesh.

"This is essence-music, straight from the heart, created to give you a deeper appreciation of yourself and your spiritual depths," said Gay and Kathlyn Hendricks, authors of *Conscious Loving* and *Lasting Love*.

-more-

With 13 passionate songs, this album offers listeners a world-centric spirituality by evoking and celebrating the feminine face of the divine from diverse traditions such as the Hindu goddesses Narayani and Kali, the Hawaiian goddess Pele, the Christian Mary Magdalene and Hopi's Spider Woman.

"It's time to welcome the full range of feminine energies on our planet and in our lives," said Devaa Haley. "My goal with this album was to express 13 very different faces of the goddess so that people can experience and relate to the diversity of feminine power and expression. Each song has a very different flavor and taken together, *Sacred Alchemy*, is a full celebration and representation of the feminine spirit that is rising-up across the globe."

Emmy award-winning composer Gary Malkin says this about *Sacred Alchemy*: "Devaa Haley has created an intoxicating brew of reverence and beauty, opening our hearts and inspiring our spirits. This is created for the devotional heart that would like to be more present, integrated and connected to the Sacred."

If you long to live with passionate fullness connected to the sacred, whether you're a woman or a man, the songs on this album promise to reveal the bountiful gifts of the feminine.

#### About Devaa Haley

Devaa Haley Mitchell is a spiritual guide, public speaker and musician, offering devotional music and Soulful Women programs to support the feminine awakening of our planet. She co-founded and hosts the Inspiring Women Summit, a virtual gathering of more than 53,000 participants from 160 countries. More info at: [www.inspiringwomensummit.com](http://www.inspiringwomensummit.com).

Devaa has served as the Director of Member Engagement at the Institute of Noetic Sciences and was Founder and Executive Director of the Full Circle Fund, dedicated to building a new generation of civic leaders. She also worked as an Associate Consultant at the Boston Consulting Group where she offered management advice to Fortune 500 Companies.

She received a BA in Anthropology with Honors and an MA in International Development from Stanford University. She was awarded a fellowship from the Fulbright Foundation, which she used to conduct research in the Brazilian Amazon on sustainable economic development for local indigenous groups using culturally and ecologically appropriate strategies.

For the past 19 years she has studied and experienced many systems of personal growth and spiritual development and was ordained an interfaith minister by the Chaplaincy Institute in 2005. She is one of 26 contributors to a book called *Radical Spirit*, which focuses on Gen-X spiritual lives and perspectives. A core part of Devaa's path includes sacred music.
